## Summary

I am a Computer Engineer graduate from Süleyman Demirel University. During my education, I was particularly interested in web development and user interface design. My interest in design and art supports my problem-solving and creative thinking skills. I aim to improve my competencies in the software field by learning new technologies and contribute to teamwork.

## Tech Stacks and Skills

- HTML CSS JS Node.JS
- C# .NET
- TypeScript
- React
- Microsoft Excel
- AutoCAD
- UI/UX, Web Design
